Site Supervisor Safety Training Scheme (SSSTS)

This 2 Day course is for you if you're considering, or already have, supervisory responsibilities.

You will learn about your legal responsibilities regarding health, safety, welfare, and environmental issues.

Overview

It is endorsed by Build UK as the standard training for all supervisors working on Build UK sites and provides an understanding of health, safety, welfare and environmental issues. It highlights legal responsibilities and the need to promote health and safety to supervise effectively.

At the end of the course, you will have an understanding of:

- health and safety law and how it applies to supervisors.
- your supervisory responsibilities in controlling site safely.
- risk assessments and the need for method statements
- effective site inductions, toolbox talks and method statement briefings.
- monitoring site activities effectively
- timely intervention when bad practice is identified.

At the end of the course, you will be able to:

- implement all updated health, safety, welfare, and environmental legislation which affects your management role.
- implement new guidance and industry best practice.
- fulfil your duties and responsibilities with regards to health, safety, welfare and the
- environment
